ROOSEVELT AND CLARK WINNERS IN MARYLAND

(By United Press.)

Baltimore, Md., May 7.—Colonel Roosevelt will control the Maryland state convention on May 14 by the narrow margin of one vote, insuring Maryland's 16 delegates to the Chicago convention to the Roosevelt list. This was the result of yesterday's presidential preference vote, according to practically complete returns today. Roosevelt captured 66 delegates against Taft's 63. Sixty-five is a majority.

Champ Clark swept the state by a vote of 80, to Wilson 45, and Harmon secured 2. Roosevelt's majority in the preference vote was considerably larger than the selection of state delegates pledged to him would indicate. The Colonel made a clean sweep in Baltimore, carrying every district and ward.

The vote for the city was: Roosevelt, 12,695, and Taft, 7,263. The colored vote went to the Colonel solidly. Taft carried the eastern shore and southern Maryland by substantial majority. Clark's preferential vote in Baltimore was greater than Wilson's and Harmon's combined.

While the returns on the Democratic side are incomplete, the victory of Speaker Clark is apparently decisive. He has 72 delegates, Wilson 44, Harmon 4, while 9 are in doubt.

Both Roosevelt and Clark will thus secure the solid vote of

MEXICAN REBELS BESEIGE TORREON; EXPECTED TO WIN

(By United Press.)

Mexico City, May 7.—Heavy cannonading today marked the opening of the seige of Torreon by 8,000 rebels, the flower of the revolutionary army, under General Orozco, according to reports reaching here. On the outcome of the seige probably depends the success of the movement against the Madero government. The chances for victory are in favor of the rebels. General Huerta has withdrawn the federal force into the town. His numbers are believed to be about equal to those of the rebels. The federals are hemmed in on three sides and must either fight or surrender, as escape to the south is impossible.

(By United Press.)

Cheyenne, Wyo., May 7.—The Ninth United States Cavalry stationed at Ft. D. A. Russell here, will be rushed to the Mexican border as fast as the United States can accomplish this feat.

That the war department is anxious to get the regiment to the front is indicated today by the order of the Colorado railroad to seize all empty box and stock cars no matter to whom consigned and rush them to Ft. Russell.

Seventy-five stock cars were delivered to the fort today.

(By Associated Press.)

Escalon, Mex., May 7.—General Pasqual Orozco has refused to recognize the provisional government established by Emilio Vasquez Gomez at Juarez, Saturday. Orozco on his march southward today telegraphed Gomez, threatening him and his associates unless they left Mexico.

Eagle Pass, Tex., May 7.—Revolutionary events are beginning to move rapidly in the districts south of Eagle Pass today and with reports received that General Orozco had started the siege of Torreon came word which showed that the engagement between 1,800 federal and 2,400 rebels near Monclova, which was reported as a federal victory in Mexico City dispatches, resulted in a crushing defeat for the government troops. It was by far the bloodiest battle of the present revolution. Twelve hundred on each side are reported to have been killed.

(By Associated Press.)

Washington, May 7.—The reported activities of Colonel Arthur Williams, of the Eleventh Infantry at Fort D. A. Russell in rounding up freight cars to be used in the Mexican revolution, is more to have the troops in readiness to respond to a moment's notice and not to leave immediately for the border, as was first reported, according to information given out here today.

Hinze appealed the case.

UNDERWOOD DENIES HE IS FOR UNCLE JUD

(By Associated Press.)

Washington, May 7.—Oscar Underwood, of Alabama, majority leader of the house and a Democratic candidate for the presidency, today declared that his presidential candidacy was not in the interest of Governor Judson Harmon, of Ohio, nor of any other person.

Mr. Underwood made this announcement in reply to a statement made by William Jennings Bryan at Chillicothe, O., last night, in which Bryan said that the Underwood delegates from Florida and Georgia were for Governor Harmon.

"There is no truth in the statement made by Mr. Bryan," said Mr. Underwood. "I am making the race with an honest endeavor to secure it for myself, and not for Governor Harmon or anyone else."

MARRIED WIDOW OF HIS OWN SON

(By United Press.)

Zanesville, O., May 7.—John C. Baird, 63, a telegraph operator, was today united in marriage to the widow of his own son, Mrs. Mary H. Baird. Mrs. Baird is 36. The laws of Ohio do not forbid such a marriage.

"We shall be happy," says Baird, and in these words justified his violations of Bible laws.

"Both of them shall surely be put to death. They have wrought confusion. Their blood shall be upon them," says the Bible.

Baird says: "We can see no harm in it. I always liked my son's wife and since his death and the death of my first wife the affection has ripened into love."

Baird's first wife died a year ago and his son, Warren, the first husband of his present wife, died about the same time. Since then the widow has kept house for her husband and father-in-law. The event created no little interest and comment in Zanesville.

PETTIT CAUSES ROW IN THE OHIO CON-CON

(By United Press.)

Columbus, O., May 7.—Advocates of uniform rule of taxation won a victory in the con-con today when they defeated all the taxation provisions before the body by a vote of 54 to 53. This leaves the taxation question as it now stands in the present constitution.

Delegate Pettit of Adams county attacked President Bigelow, claiming that he was unfair. Pettit said that he had failed to recognize Delegate Hoskins, of Auglaize county, who had asked for the floor, when Bigolow ruled him out of order.

"I want to know if you are a little autocrat sitting up there," said Pettit shaking his fist at Bigelow. This was followed by a row in which the sergeant of arms was called to preserve order, and Pettit was finally made to take his seat.

Vice President Fess said that Bigelow was right in his ruling.

(By United Press.)

Columbus, O., May 7.—Following an appeal by President Bigelow for submission to the people of alternative propositions on the taxation question, the con-con today agreed on the Doty plan under which the people will have the right to say whether they want to retain the uniform rule of taxation or to place in the hands of the legislature the right to classify property for taxation.

The same proposition was defeated last night by a vote of 52 to 54. This does not mean that the taxation proposal has passed, but merely that a form of submission has been agreed upon.

Quartermaster Hitches also testified that he was on duty on the bridge at eight o'clock on the night of the disaster and that he heard the officers giving orders to the crew that there were icebergs ahead. Stubborn Colds May Lead to Consumption

DM you ever have a cold that would not let go; a cough that persisted, that prevented sleep, and made waking hours miserable? Eckman's Alterative is the remedy for such cases. Perhaps a proper remedy in such cases. Perhaps some simple medicine may be effective where it is only a tickling in the throat; but when your chest is sore and simple remedies don't answer—then take Eckman's Alterative. I lost weight rapidly; had a hollow cough, hemorrhages and very severe night sweats. My brother recommended Eckman's Alterative. In the Fall of 1905 I began to take it. At this time I am perfectly well and robust. My appetite is good and my weight has increased from 110 to 140 pounds. Not a trace of my old trouble remains. I will gladly express the merits of this medicine to anyone." (Signed) M. L. GERHARDT.

Maryland to the national conventions. The Republican convention meets May 14, and will select 16 delegates, while the Democrats will hold their convention May 16 and select 32 delegates. Each will have one-half a vote.

Taft Won't Talk.

Cincinnati, O., May 7.—While members of President Taft's party showed they were discouraged over yesterday's results in Maryland, Taft, who is a guest of his brother, refused to comment on the situation. The president met a few boyhood chums during the day, and when the sun came out, remarked to friends that he expected to attend today's ball game between the Reds and Quakers.

The President At Cincinnati.

(By Associated Press.)

Cincinnati, O., May 7.—President Taft today, for the first time in several weeks, laid aside the cares of official life and the burden of stumping, and enjoyed a day of rest among his old time friends. He was the guest of his brother, Charles P. Taft, and in the morning he held an informal reception at the Taft home, receiving many friends. In the afternoon he was scheduled to attend the Philadelphia-Cincinnati ball game, in case it did not rain.

This evening the President will attend the opening of the annual May Music Festival at Music Hall.

Bryan Is Busy Swatting Harmon.

(By Associated Press.)

Leesburg, O., May 7.—William Jennings Bryan began the second day of his campaign against Gov. Judson Harmon as a candidate for the presidency with a speech here at 7 o'clock. He was greeted by a large crowd, and spoke along the lines of his former attacks on Harmon, calling him a reactionary candidate. Mr. Bryan was scheduled to make a dozen speeches in Ohio before he reached Toledo, where he will make his principal speech this evening. From here he went to Hillsboro and from there he will go to Boston, Milford, Norwood and Ivorydale. Then he will go over the C., H. & D. to Troy, Piqua, Wapakoneta, Sidney, Delphos, Fremont and other places, winding up at Toledo for his night meeting.

Conventions Are Held In Texas.

Dallas, Tex., May 7—Democratic and Republican conventions are being held today in the various Texas counties for the purpose of selecting delegates to the national and state conventions. On the Democratic side Wilson, Clark and Harmon are candidates, while Taft and Roosevelt are seeking the Republican endorsement. Wilson, on the face of the early returns appeared to be the easy choice of the Democrats, while it is still an open question as between Taft and Roosevelt, with chances favoring the latter. Conventions are held today in 243 out of 249 counties.

The Clark and Harmon men refuse to concede the Wilson victory, and they will fight desperately in the county conventions to prevent the New Jersey man from carrying off the delegates.

A bulletin says that Taft carried two counties in Northwest Texas, names not given.

In the same section Wilson got one county, Harmon one, and Clark two.

Says Harmon Is Foe Of Progress.

(By United Press.)

Milford, O., May 7.—William Jennings Bryan spoke at Leesburg today in a driving rain. The theatre was not half large enough to hold the crowd, so Bryan spoke from the shelter of a porch with the crowd standing in the drenching rain.

At Hillsboro an enthusiastic follower held an umbrella over Bryan while he delivered a speech to 4,000 people.

"Governor Harmon is no more in sympathy with progressive Democratic administrations now than he was sixteen years ago when he bolted our ticket and helped elect a Republican president. He stands today for everything that Wall street stands for. He is the personal candidate of J. P. Morgan," said Bryan.

Taft Coming Back To Ohio.

(By United Press.)

Cincinnati, O., May 7.—President Taft will return to Ohio next Wednesday to campaign for four days in an effort to take the Ohio delegation at the primaries, May 21, it was announced today by his secretary, Charles D. Hilles.

Ohio is to be the bloody battleground between Taft and Roosevelt. It is realized that a decisive victory for either man will probably carry the nomination. This realization caused the president to consent definitely today to spend the last of next week in Ohio.

The itinerary for the next Ohio trip has not yet been completed, but it is expected that Taft will put in one day in Southern Ohio and devote the other two days to the northern part, where the Roosevelt sentiment is the strongest.

Taft is going to show the people of his home state that he can fight, and his campaign next week will be made up of red hot speeches. From Ohio he will go to New Jersey where the people of that state will give their opinion of a presidential candidate one week later. The president only made one speech in Maryland.

FIGHT ON FLOOR.

(By Associated Press.)

Walla Walla, Wash., May 7.—In spite of the fact that the resolutions committee argued all day yesterday on all the main questions at issue, they remained to be fought out on the floor of the Democratic state convention today. The committee was hopelessly divided.

SPLIT IN ARKANSAS.

Little Rock, Ark., May 7.—Indications here are that two sets of delegates will be selected at today's Republican primaries to the Chicago convention. One set will be instructed for Taft and the other for Roosevelt.

Democrats Fight In Pennsylvania

Harrisburg, Pa., May 7.—After months preliminary skirmishing the Democrats in this state have been fighting for two years to control the state convention, which meets tomorrow, the anti-Penrose forces have succeeded in getting together enough to have a fight at least on the floor of the convention. Each side hopes to extinguish the other. In a few days the week ago the rival factions were in doubt as to which would be left holding the sack, but by the session of the convention of the delegates.

AFTER JURY IN HUFFMAN RE-TRIAL

(By Associated Press.)

Columbus, O., May 7.—When the second day of the trial of State Senator Isaac E. Huffman, accused of accepting a bribe, opened today, efforts to secure a jury were resumed. Each side will exhaust its four peremptory challenges, and indications were that it would be late in the day before the full jury was secured.

While it had been currently reported that the state would produce a number of additional witnesses at this trial of Huffman, up to noon today the only witness subpoenaed who was not at the first trial was J. C. Robinson, the Cincinnati circus man, who was with the circus at Dayton when Senator Cetone alleged he received tickets to the show as a compliment. These tickets formed a link in the alibi of Senator Huffman, as Cetone claimed he gave tickets to Huffman on the day of the alleged bribery and that Huffman attended the circus in the evening.

Four men called to the jury box today were excused from service when they declared they had formed an opinion in the case.

Another was excused because he believed his acquaintance with Prosecutor Turner would prejudice him against Huffman. Work of getting the jury was very slow as both sides are using the greatest care in examining prospective jurymen. It is not expected that the taking of testimony will start before tomorrow afternoon.

It will be impossible for the Alumni Association to hold its annual meeting in the gymnasium of the new high school building. It will not be completed and the association will very likely meet at the Washington as usual. The committee will decide on this matter tonight.

Floods

(By United Press.)

New Orleans, La., May 7.—The long fight against the waters of the Mississippi continued in Louisiana today, with very little change over the conditions which prevailed yesterday. Thousands of men are working night and day strengthening the levees. The recent rains have caused the river to continue to rise. Reports of loss of life continue to come in from survivors, but all wires are down and accurate information cannot be received.

Unless prompt work is done by the boats sent to the flooded regions, it is feared that hundreds of lives will be lost. Word comes from Morganza that several hundred persons are marooned in that vicinity and that they are suffering from lack of food and shelter. Desperate efforts are being made to reach them.

(By United Press.)

New Orleans, La., May 7.—The levee at St. Sophia, 40 miles below New Orleans, broke shortly afternoon today. Water is pouring through a gap 400 feet wide and sections hitherto considered out of danger are flooded. Huddled on levees in various parts of the flooded section today are more than 2,000 men, women and children in danger of death by drowning. Relief boats are being hurried to take off the marooned victims to safety. Five thousand persons were rescued today from the path of the break in the Toris levee alone.

(By Associated Press.)

New Orleans, La., May 7—Citizens in the flood district of New Orleans were cheered today by bulletins posted by the weather bureau that the danger was not as great as previously estimated. The condition in Baton Rouge, the report says was unchanged.

INJURED AT MARION.

Sorry To Hear It, Joe.

Officer Joe Stokley sent word to police headquarters from his bedside Tuesday morning that he would not be in shape to return to duty for at least another month. Director of Public Safety Wells A. Hutchins, as soon as he learned this, decided to grant the veteran day policeman an indefinite leave of absence. It is likely that McCoy Gordon, one of the applicants at the recent police examination, will be named to temporarily succeed Stokley.

The annexation proposition which has been bothering the citizens of Beattyville and Fullerton who do not wish to be annexed to South Portsmouth, will come up for final decision on May 28, the second day of the May term of court held before Judge Halbert at Greenup, Ky.

Depositions for and against were taken last week and will be read before Judge Halbert.

NO HEARTBURN, DYSPEPSIA OR SICK STOMACH

Nothing will remain undigested or sour on your stomach if you will take a little Diapepsin occasionally. This powerful digestive and antacid, though as harmless and pleasant as candy, will digest and prepare for assimilation into the blood all the food you can eat.

Eat what your stomach craves, without the slightest fear of Indigestion or that you will be bothered with sour risings, Belching, Gas on Stomach, Heartburn, Headaches from stomach, Nausea, Bad Breath, Water Brash or a feeling like you had swallowed a lump of lead or other disagreeable miseries. Should you be suffering now from any stomach disorder you can get relief within five minutes.

If you will get from your pharmacist a 50-cent case of Pape's Diapepsin, you could always go to the table with a hearty appetite, and your meals would taste good, because you would know there would be no Indigestion or Sleepless nights or Headache or Stomach misery all the next day; and, besides, you would not need laxatives or liver pills to keep your stomach and bowels clean and fresh.

Pape's Diapepsin can be obtained from your druggist, and contains more than sufficient to thoroughly cure the worst case of Indigestion or Dyspepsia. There is nothing better for Gas on the Stomach or sour odors from the stomach or to cure a Stomach Headache.

You couldn't keep a handier or more useful article in the house.

NO GAME AT MILLBROOK

The heavy downpour of rain put to route all chances for a game between Portsmouth and Newark at Millbrook park this afternoon. The diamond was a sea of mud, despite the efforts of Groundkeeper Allen to put them in shape for a contest. The two teams will play on Wednesday afternoon, when a large crowd is expected to be in attendance.

The game between Chillicothe and Marion was also called off on account of wet grounds.

SAYS HUSBAND TOOK DUDS

On her application, Esther May Crossley was granted a decree by Judge Blair Tuesday, divorcing her from John H. Crossley, whom she married at Windsor, Canada, on November 9, 1909. The plaintiff took the stand and told the court a story of the wrongs she had suffered at the hand of Crossley.

She stated that he is an habitual drunkard and not only failed to provide for her but had stolen her clothing and pawned it for money to spend and that he had frequently treated her cruelly by beating her. The defendant is now a convict, serving time at McDavid, Florida, having been convicted of obtaining money under false pretenses.

The plaintiff was also restored to her maiden name as Esther May Creekbaum. N. B. Gilliland attorney.

To Improve Infirmary.

A new heating and plumbing system are to be installed in Scioto county's infirmary, and if the present plans of the directors are carried out, a reservoir will be erected on the hill overlooking this West Side institution.

Architects Devoss and Patterson and William Tritscheller of the Tritscheller Plumbing Company went down to the infirmary Tuesday to make the preliminary surveys. The directors will insist on the latest systems being used, the present ones being utterly insufficient.

Will Stropes, a barber, registered complaint with the police against a fellow knight of the razor, Charley Kirkendall, Tuesday afternoon.

Stropes accused Kirkendall of taking a kit of barber tools from him, leaving him in no shape to accommodate patrons. Stropes had bought out Kirkendall Monday. Tuesday morning Kirkendall came into the shop on Market street after a razor he claimed to have left behind. Stropes told him he had not left any razor and it was then Charley is said to have decamped with Bill's whole outfit.

His Bond Is Forfeited

Wavrly, O., May 7 (Special)—Quite a sensation was created here Tuesday when Judge E. E. Corn ordered the bond of James W. Robinson, which amounted to $500, forfeited. Robinson's failure to appear before Corn caused this action to be taken.

Robinson claims he did not know he was to appear before Corn Tuesday, but the latter insists that he was properly notified and ordered the forfeiture of his bond.

Robinson, it will be recalled, was found guilty several weeks ago of election irregularities in Pebble township. Robinson's bondsmen are Thomas Markham and Sherman Lightle. Corn had expected to sentence Robinson, but postponed it until tomorrow.

An infant child of Mr. and Mrs. Walter O'Doherty, of 817 Court street, died Monday night and the funeral services were held Tuesday with interment in Greenlawn.

Injured

Charles T. Robbins, of East Eleventh street, foreman of the Breece Manufacturing Co., was painfully injured at the plant, Tuesday morning, the result of his hand being caught in one of the planing machines. The hand was badly lacerated and Dr. Frank Williams, who attended him, was compelled to amputate the left thumb, the operation being performed at Hempstead hospital where the injured man was removed. Later he was taken to his home.

RITCHER CASE

The case of John A. Richter against the City of Portsmouth, for damages to his property by the raising of the grade of Fourth street, went to trial to a jury and Judge Blair in common pleas court Tuesday afternoon. The plaintiff, in his petition, claimed that his property had depreciated in value by the building of a certain flood defense in 1908 and asked for $150 damages. The city offered to pay $100 to settle the claim.

J. A. Maxwell, J. F. Strayer, Merle O. Duduit, Ernest Herman, J. J. Brubart and B. F. Harwood were the witnesses called and they testified the property had been damaged from $400 to $700. The opposing attorneys were A. C. Woodrow and Solicitor Stanley McCall.

Richter was given a verdict of $200 by the jury late this afternoon.

LOT OF SOFT, FLUFFY HAIR AND NO DANDRUFF

Get a 25 cent bottle of Danderine and just try this—Stops falling hair at once.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast.

A little Danderine tonight—now—anytime—will surely save your hair. Ten minutes after applying all the dandruff will disappear, all itching will cease and there will be no more falling hair. Millions of men and women use Knowlton's Danderine and they never have dandruff, itchy scalp or falling hair—they know that it keeps the scalp clean and healthy and makes the hair grow heavy, long and beautiful.

Get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application you will say it was the best investment you ever made. Your hair will immediately take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

ALL READY FOR THE COMING OF PRESIDENT

Announcement was made at the local Taft headquarters, Tuesday morning, that practically all arrangements had been made for the reception of President William H. Taft, who is to grace Portsmouth with his presence Wednesday morning for one short hour, during which time he will wage relentless warfare upon his discoverer, Colonel Theodore Roosevelt, now his chief opponent in his fight for a second nomination as the Republican candidate for president. As Colonel Roosevelt has been given credit as "the man who made Taft" and is now doing his utmost to "unmake Taft," it is thought the president will have some caustic things to hand the Rough Rider.

President Taft's special train will arrive here at 9:45 a. m. and is scheduled to leave in exactly one hour. While the president's visit to Portsmouth is purely of a political nature, nevertheless the citizens expect to accord him the deserved honor that his high office demands. Many of the homes will be decorated with the national colors. Practically all retail stores will close, while all factories will shut down at 9:30 and will remain closed until the 12:30 whistle blows.

A reception committee of Democrats and Republicans has been named which will meet the president on his arrival.

As soon as the president arrives he will take a seat in Chairman John E. Williams' touring car and will be whisked down Waller street to Gallia, thence west on Gallia to Chillicothe street, thence north on Chillicothe to Tracy park, where he will deliver a 45-minutes address.

A big platform, capable of seating not less than 150 people, is now under process of erection and will be completed by the time President Taft is ready to make his address. It will be bedecked with the national colors and it will be from this structure that President Taft will speak.

Company K will act as a special escort and guard to the president and Captain Cliff Drown has issued orders for all members of the company to assemble at the armory promptly at 7:30 o'clock, Wednesday morning.

A committee, consisting of Mayor Fred N. Tynes, Chairman John E. Williams, Attorney A. T. Holcomb, George Davis and Philo S. Clark, accompanied by representatives of the press, will meet the Taft special at Barden, where the president will probably make a few remarks, at least bow his acknowledgements to the crowd that will doubtless assemble.

The word was sent out from Taft headquarters to the effect that the people assemble at Tracy park as early as possible and not to congregate at the depot. President Taft will not linger at the depot more than a minute, the auto parade forming instantly upon the arrival of the train and will move to the place of speechmaking.

As soon as President Taft concludes his address he will be taken to his special and will immediately leave for Ironton, where he is scheduled to speak for at least one honr.

As stated in Monday's Times, the schools of the city will be dismissed at 9 o'clock and the scholars, big and little, will line up on the corner of Ninth and Waller streets, marching out to Gallia and down Gallia to Tracy park. The children of the New Boston school will be brought down on special cars. The scholars will carry small American flags, and it is quite likely that many of them will have bouquets which they will fling at the first citizen of the land. And all the while the big president will be smiling his blandest.

REV. DUNNING DEMURRED TO SUIT

Cincinnati, O., May 7—John W. Dunning, of Portsmouth, one of three defendants named in as many suits by Rev. Jacob E. Meeker, of St. Louis, to recover damages for an alleged libelous article which the defendants are accused of having published yesterday, filed a demurrer to Rev. Meeker's petition on the ground that the allegations contained therein are not sufficient to constitute causes of action. Clore, Dickerson & Clayton represent the defendant. Similar action was taken Saturday by The Times Publishing Company of Portsmouth, in an effort to quash the suit against it.

David Jones, of West Tenth street, is telling a tale that he says he will swear to if necessary. He set thirteen eggs under a hen a few weks ago and fourteen little chicks were hatched.

Secures Judgment.

Kind Gearhart was given judgment to the amount of $300.00 in his suit against the German Alliance Insurance Association of New York, by Squire John Byron the defendants failing to put in their appearance. The plaintiff brought suit to recover on a fire policy, he alleging that the company had failed to settle with him since the fire that destroyed practically all his household goods some months ago. The defendant company has given notice of appeal and the case will be carried to the Common Pleas court.

Mr. Hudson Is Given Verdict For $201.96

After deliberating for exactly an hour in the case of William H. Hudson against Samuel B. Timmonds, heard by Judge Blair and a jury in common pleas court Tuesday, the jury returned a verdict of $201.96 in favor of the plaintiff. Only seven of the regular panel reported and five tailesmen were called from among the spectators to fill the jury box. The jury, as sworn, was as follows, with the last five named as talesmen:

Henry Winter, Albert Marting, Wiley Rigrish, L. O. Kennedy, William A. Barbee, Robert Funk, Moses Gilkerson, Phil Hise, Frank Thompson, Ernest Herman, Frank Staiger and Will Johnson.

The case grew out of a dispute between the parties as to the compensation Hudson should receive for the use of a steam shovel he operated in doing some grade work in the Timmonds addition in October, 1910. Hudson claimed the price was not fixed and sued for $330, on the theory that the machine was reasonably worth $15 per day. The defendant contended that the work was done under a specific agreement between his agent, Sam P. Baird, and Mr. Hudson, at the rate of $3.50 per day.

The jury, after hearing the evidence, decided that $3.50 per day was about right and allowed Hudson pay for 22 days at that rate, with interest. When the verdict was announced Mr. Timmonds promptly paid the judgment.

T. C. Anderson and Horace L. Small were the opposing attorneys.

Squire At Greenup

Squire J. N. Brickey of Fullerton, Ky., left Tuesday for Greenup to attend a special term of the Fiscal court to be held Wednesday for the purpose of making definite decision of the number of bridges and positions for Greenup county.

William M. Yankee, a watchmaker, has moved from Ninth and Findlay streets to the corner of Sixth and Gay streets.

ARM BROKEN IN FALL

John Callahan, a carpenter living in Kentucky and employed with Contractor August Frowine, had his right arm fractured in falling from a 7 ft. step ladder at the Patterson box factory Tuesday morning.

Callahan was assisting other carpenters in building a small addition to the office of the Patterson company when he met with his accident.

Plant Is Shut Down

The Peerless Paving Brick Company is vigorously engaged in moving considerable dirt from its banks, and as a result operations were suspended at the plant Monday and Tuesday. The plant will likely start up again Wednesday morning.

DRUG STORE AT NEW BOSTON

Ernest Coburn, former clerk at the Pure Drugs Co. has opened up a drug store in the Philip Frick property, Center street and Gallia avenue, New Boston. The place was opened for business Monday for the first time. The store is quite a credit to New Boston and will doubtless fill a long felt want.

PUT COLOR IN CHEEKS AND LIPS

Experience of a Sufferer from Thin Blood Who Thought She Could Not Live.

The fact that one woman is bright-eyed, rosy-cheeked, strong and cheerful, while another is pale, weak and depressed is due more often than otherwise to the condition of the blood. The way to remedy this condition is to build up the blood and for this purpose there is no better blood builder than Williams' Pink Pills. They are for both men and women but they benefit the latter in a special way.

Mrs. Fred L. Richardson, of No. 30 Adams street, Lawrence, N. H., says: "My health began to fail me for four years. I was so pale. The doctor said I was suffering from a severe attack of anemia. I was so weak and nervous that I was almost prostrated. I was very thin, my ankles and face were bloated. There was not a portion of my body that I suffered from palpitation of the heart and could hardly go up and down stairs without stopping to rest. I was very short of breath, and had to sit up in bed to catch my breath. I was so nervous that it was impossible for me to even sew. I had the best of medical attention but was not benefited. My mother was taken in the same way and died from anemia. I had read much about Dr. Williams' Pink Pills for Pale People and decided to try them. After taking a few boxes I was able to do my housework. I kept on taking the pills and they made me well and strong. I can now do my housework and care for my children. I cannot say too much for Dr. Williams' Pink Pills for Pale People."

Curtis And Shumway Have Incorporated

M. H. Shumway is in the city today to spend a day or two with his family.

The firm of Curtis and Shumway, contractors, has been incorporated under the laws of Virginia under the name of "Curtis & Shumway Incorporated."

The company is capitalized at $100,000.

The incorporators are M. H. Shumway, P. G. Curtis, C. M. Rogers and Alan Cunnilla.

The officers as organized are M. H. Shumway, president, P. G. Curtis, vice president and general manager, C. M. Rogers, secretary and treasurer.

The main office and headquarters of the company will be at Lynchburg, Va.

The firm of Curtis and Shumway has been in existence for six years as contractors in heavy work and they have been very successful. They started in with a small capital, but their ability as business men and the knowledge of the line of work they had taken up soon placed them to the front in their line and they have handled some of the largest contracts that have been let in years.

At the present time they are building what is known as the Blue Ridge Traction line at Westmoreport, Pa.

At Williamson, W. Va., they are building a $100,000 bridge across the Tug river for the N. & W. Railway Company. This is on the new line of railroad this company has under construction into the coal fields of Kentucky. The distance is about 20 miles.

Curtis and Shumway have the concrete work on this entire line and through this mountainous country there is a vast amount of it.

They also have a contract for the construction of some heavy railroad work in Virginia. The men who form this company are live energetic men. M. H. Shumway was formerly auditor of Scioto county. Mr. Curtis is a man of wide experience in contracting work. He was in the employ of the government four years on the Muskingum river, building locks and dams and 12 years superintendent of construction on the Mussel Shoals Canal, Alabama, under Col. George W. Goethals and Sidney B. Williamson, now on the Panama Canal.

When Mr. Shumway went out of the county auditor's office he and Mr. Curtis formed a partnership in heavy contracting and have since been engaged in the work.

Mr. Rogers has been their bookkeeper.

Mr. Cunnilla, the other member of the firm is cashier of the Lynchburg National Bank of Lynchburg, Va.

The child of John Parsons, Stewart, Ohio, was given up to die with a severe attack of croup and several neighbors and relatives had gathered to witness the end. Mr. Parsons says: "The doctor said Baby was dying and could not live, when we began using Foley's Honey and Tar Compound, and two bottles cured the child, who is alive and well today. We use Foley's Honey and Tar Compound as our only cough medicine."

FOUND SAFETY ON BACK OF A HORSE

Walter Robey, of Eighth street and John A. Armbrust of Seventh street, had a narrow escape Monday and an experience that they will not soon forget. Both men are stone contractors and had driven to Kentucky to look over a location for a concrete pier which the county is to build.

Not knowing that Tygart Creek was extremely high for this time of the year the men started to ford the creek and when about half way across water began pouring into the buggy.

For a few minutes things looked a little treacherous for the travelers but they finally climbed to the horse's back and reached the opposite side in safety.

INSURANCE THAT REALLY INSURES **GEO. W. GRIMES** 109 Gallia Street Home Phone 1209

STOP IT!

Don't waste a large portion of your energy working for landlords. That is what you are doing when you are paying rent.

The argument is simple: The man to whom you pay rent is making a profit off his investment. By acquiring a home of your own you will divert that profit to your own purse. Ten years' rent money pays for a substantial home. Buy a home of George E. Kricker upon the easy payment plan, and to use a popular slang phrase, "It will be just like finding it," for the paying of the installments will be no harder than paying rent.

If you have property to sell reasonably, we would be glad to have you list it with us.

Shoots Down Former Friend After Quarrel

The little village of Jasper, Pike county, was the scene of a sad tragedy shortly before nine o'clock Tuesday morning when Henry Jordan was shot and instantly killed by Luther Silcott. The shooting occurred in the street in front of Charles Dewey's general store where the men met and quarreled. Both men were citizens of the village and had been friends until last night when they got into a dispute over a trivial matter and parted as enemies.

When they met in the street today the quarrel was renewed and ended with Silcott drawing a revolver and shooting his adversary.

The weapon used was a 38 caliber Smith and Wesson and only one shot was fired, the deadly bullet striking Jordan in the right side, just below the right nipple.

The victim dropped in his tracks mortally wounded and expired within five minutes.

There were several eye witnesses to the tragedy and there was great excitement in the town for a time following the spreading of the news.

Silcott, the gun user promptly surrendered himself to Sheriff Givens, who took the prisoner to the county jail at Waverly. The victim was 35 years of age and was married, being survived by his wife, besides his mother and several brothers and sisters. He was a laborer and lived at Jasper since last fall. The funeral will be held Thursday.

Silcott, the slayer, is 30 years of age and has lived in that vicinity all his life. For several years he has conducted a barber shop and worked as a paper hanger in the town. He has a wife. Neither of the men had ever been in serious trouble before, each having an excellent reputation.

Nervy Burglar

After cooking a number of eggs and disposing of half a pot-ful of coffee and a lunch that had been prepared for children on their return from school, a thief left the house of Charles Cole on Bond street, Monday, without any clue except the empty dishes which told of his visit.

Mrs. Cole had left the house and had prepared a lunch for the children which she had placed on the kitchen table, leaving the door of the kitchen unlocked but the rest of the house securely fastened.

When the children returned from school at noon they found their lunch had disappeared. The thief had taken time to cook eggs and make coffee.

"Dear Mary, I'll tell you a secret! It is the scalp preparation carried in the letter of Mrs. Mason's Old English Shampoo Cream into the roots of the hair, that stops the hair from coming out and stimulates its growth, just as well as does a plant."

Mrs. Mason's Old English Shampoo Cream is so different from ordinary shampoos and head washes that it cannot be classed with them. You need to try it once to realize that it separates so entirely from them in its treatment. It cleans the hair beautifully and makes it grow and you can see it as often as you want to. It only costs 25 cents a year, enough for three or four shampoos. You can get it at Frank Lemon's Drug Store.

MRS. NOAH WILLIAMS ESCAPES BAD CHARGE

When the case of Altha Lillie Williams, wife of Noah Williams, charged with abducting her sister-in-law, Mary Bell Williams, was called in Squire Brickey's court, Monday afternoon, a point of jurisdiction arose and the squire dismissed the case against the woman. Abduction cases are tried before the county court in Kentucky.

When Mrs. Williams and her sister-in-law were arrested in this city Monday they at first refused to go to Kentucky without requisition, but they were finally induced to do so by Constable William H. Wright of Kentucky.

The two women were accompanied to Kentucky by John Ivan Hill, a brother-in-law of Mrs. Williams, who, when the case was called, demanded the right of Mrs. Williams to secure an attorney. Squire Brickey permitted her to retain Thomas Nichols and John Ivan Hill.

Noah Williams, husband of the woman charged with abduction, would not appear against his wife.

Squire Brickey released the girl to her parents, Mr. and Mrs. James Williams, but warned her that if he again heard of her misbehaving he would send her before the juvenile court at Greenup.

The parents of the young girl, who is only fourteen year sof age, preferred the charges against Mrs. Noah Williams, claiming that she abducted the girl from her home in Beattyville, Ky., for immoral purposes.

Flagged Train With Shirt.

Tearing his shirt from his back, an Ohio man flagged a train and saved it from a wreck, but H. T. Alston, Raleigh, N. C., once prevented a wreck with Electric Bitters. "I was in a terrible plight when I began to use them," he writes, "my stomach, head, back and kidneys were all badly affected and my liver was in bad condition, but four bottles of Electric Bitters made me feel like a new man." A trial will convince you of their matchless merit for any stomach, liver or kidney trouble. Price 50 cents at The Fisher & Streich Pharmacy.

Feature At The Lyric

At the Lyric tonight Manager Mack has a real feature in "Winter Logging in Maine." It is a brand new film and is sure to please as it reveals a pretty love story. Another feature is "Jack and Jingle," a great comedy. Business at this popular theatre continues to increase right along.

A Noted Speaker

MISS LAURA CLAY

Of Lexington, Ky., who will speak here Saturday and Sunday May 11 and 12, on Woman's Suffrage.

TAFT NOT A PIONEER

President William Howard Taft will be the second president to visit Portsmouth during his term of office.

The first president to honor the city with a visit was Andrew Jackson. That was September 31, 1836, or towards the close of his administration. Joseph Tanner, a Portsmouth man, was injured by the bursting of a cannon in firing a salute and died 21 hours later.

Henry Clay passed Portsmouth on the steamer Lady Washington, December 8, 1832, and a number of persons went on board to meet him. Ex-President John Quincy Adams visited Portsmouth in 1843 and Gen. Taylor passed up the river on the steamer Telegraph No. 2 February 16, 1849. Garfield, McKinley and others also visited the city, either before or after their election to the highest office in the gift of the nation.

When Adams visited Portsmouth in 1843 the schools were given a half-holiday. The pupils formed in procession and marched to Bigelow chapel, then located on Second street. He made an address and shook hands with each of the children. He left the chapel in a rain and was escorted to the boat with a brass band and a procession.

W. F. Whitney vividly recalls the visit here during the early 50's of Gen. Winfield Scott, hero of the Mexican war, who was then running for president. He rode down Second street in a single-seated buggy. Mr. Whitney, then a mere boy, along with some companions, sat in the windows of the old Whitney homestead, on the site of the present Washington Hotel, and viewed the parade as it passed.

CARDUI WORKED LIKE A CHARM

After Operation Failed to Help, Cardui Worked Like a Charm.

Jonesville, S. C.—"I suffered with womanly trouble," writes Mrs. J. S. Hendrick, in a letter from this place, "and at times, I could not bear to stand on my feet. The doctor said I would never be any better, and that I would have to have an operation, or I would have a cancer.

I went to the hospital, and they operated on me, but I got no better. They said medicines would do me no good, and I thought I would have to die.

At last I tried Cardui, and began to improve, so I continued using it. Now, I am well, and can do my own work. I don't feel any pains.

Cardui worked like a charm."

There must be merit in this purely vegetable, tonic remedy, for women—Cardui—for it has been in successful use for more than 50 years, for the treatment of womanly weakness and disease.

Please try it, for your troubles.

CANNING FACTORY IS UNDER ROOF

The new canning factory at Fullerton, Ky., is now ready for the roof. Squire Brickey says it will be far above the Vanceburg canning factory. The squire has secured contracts for 100 acres of tomatoes and the Kentucky farmers are much enthused over the new factory, which is a co-operative company.

Ran Through Streets In Her Night Clothes

Mrs. Victoria Buchanan, aged 55, a housekeeper employed at the home of Dairyman P. H. Shoenberger, of Market street, became suddenly demented late Monday night and escaping from the house ran amuck down Market street.

Clad only in her night attire and pulling her hair and screaming fractically "Save me! Save me! They're after me!" the woman created a big uproar in that end of the city.

The woman ran to the front of the Washington hotel where her wild antics soon attracted a large crowd, chiefly traveling men. A policeman alighted from a passing car and took charge of the woman. With the assistance of bystanders he, with considerable difficulty, got her aboard a street car and she was taken to the city prison for the remainder of the night. The woman struggled desperately all the way and her cries aroused everybody living within several squares of the police station.

The morning brought a decided improvement in Mrs. Buchanan's condition. She had quieted down and was at a loss to account for her presence in prison. Mrs. Shoenberger called early to see her. The woman at first mistook her for a sister, but a moment later recognized her as her employer and began thanking her for kindnesses shown her.

Mrs. Shoenberger agreed to take her to the home of a sister, Mrs. John Moore, of Jackson street. They had gone but two squares on a street car when the woman broke away and jumped off. Mrs. Shoenberger finally convinced her she was taking her in the right direction and they walked the remainder of the long distance. It is likely that if the woman shows a recurrence of her trouble she will be committed to the Athens asylum.

Mrs. Buchanan is a native of Kentucky but since her marriage has lived at Beaver Falls, Pa. She claimed that cruel treatment at the hands of her husband caused her to leave him. She applied at the Shoenberger home last Friday in response to an ad. Her ladylike bearing won her the place. Her deportment was of the very best and her work most satisfactory. She began acting strangely Monday evening and seemed to fear sleeping in her room, instead insisting on sharing Mrs. Shoenberger's room. Mr. and Mrs. Shoenberger had about succeeded in calming her when she suddenly bolted from the house.

The Portsmouth Gas Company's office will be closed from 9 to 12 Wednesday morning.

THOUSANDS OF WOMEN PARADE FOR EQUAL SUFFRAGE WHILE A MILLION ONLOOKERS APPLAUD

Seventeen thousand women of all ages marched up Fifth avenue, New York, passing at first through silent, uncovered, curious, sometimes gibing ranks of a million onlookers. They ended the parade for equal suffrage amid continuous applause throughout the miles of their ranks, won not by their cause but by themselves for their earnestness, their discipline, their presentation of a splendid womanhood which made all who watched them proud to know them as American mothers, sisters, wives or sweethearts. They have not yet won the ballot, but they won New York.

In the line of parade were thousands upon thousands of national, city and State organizations, veterans of the cause in carriages, high school girls, woman physicians, sculptors, business women, little girls and big girls, women bent with years but full of spirit, a baby in a carriage pushed by the mother and another in the arms of father.

Miss Josephine Beiderhase, marshal of the Women's Political Union, and Miss Eleanor Brannan, standard bearer, as escort, headed the Executive Board of the union, the staff of the parade whose every woman has had to be a pretty good general for several months in handling the preparations.

Mrs. O. H. P. Belmont, the wealthy society woman, also was a prominent marcher. Another feature was the appearance of Miss Mabel Lee, a pretty young Chinese woman, who is an enthusiastic worker for the cause.

Candidates Names Were Withdrawn

The board of elections met Tuesday morning to receive resignations and finally make up the primary tickets.

Maurice E. McElhaney withdrew his nomination papers as a Democratic candidate for auditor and several resignations by Republican candidates for delegates and committeemen showed the gang had been improving each shining hour insofar as it could.

Kendall Dever, from Precinct B, Clay township; J. H. Chandler, Jefferson township, and Alfred Hammel, Precinct D, Second ward, Portsmouth, all for delegates, pulled out, as did Clint Taylor, Morgan township, and William Brant, Bloom township, for committeemen.

These are not all anti-gang men, but it was, nevertheless, thought to be to the advantage of the gang to have them out of the way.

Finding it had made a mistake in fixing registration days as May 18 and 19, the latter being a Sunday, the board changed the dates to May 17 and 18.

McElhaney Out of Race

Maurice E. McElhaney, who filed his papers therefor, has withdrawn as a Democratic candidate for auditor and his name will not appear on the ballot.

He was never eager to enter the race, but when it appeared there would not be a candidate for auditor, he allowed the use of his name. Now, that an aggressive young Democrat, in the person of Henry Stahler is out for the office, he considerately makes a clear field for him and will cheerfully give him his support for election.

Maurice is at present chief clerk in the state automobile department at Columbus and is highly regarded for his unusual efficiency. His many friends will regret that they will not have the opportunity to vote for him, but if they follow his example, they will work just as hard for Stahler.

Terrible Itching Rash

CHILDREN SUFFER WHO COULD GET RELIEF QUICKLY

Try This Remedy At Our Risk.

If you have ever seen a child tearing at its face and crying, unable to sleep because of the awful itching rash of eczema, you will be glad to know that this can now be prevented.

All you need is to apply Saxon Salve, our new remedy for skin diseases, which not only always stops the itching quickly, but is also wonderfully healing and is as good for grown persons as for children.

Even where the skin is scratched raw, or covered with crusts and scales, Saxon Salve penetrates to the very roots of the disease and destroys the germs, at the same time stopping the itching so that the skin is rendered perfectly comfortable.

Many skin remedies are disappointing, but Saxon Salve is so remarkable that we guarantee it to give satisfaction, paying back your money if it does not.—Frank Amann, Druggist.

C. & O. IS TO BUILD NEW DEPOT AT HUNTINGTON

Bids have been asked for on the new $150,000 depot to be erected by the Chesapeake & Ohio railroad at Huntington, W. Va.

The depot will be fifty-two by one hundred and seventeen feet and will be three stories, the two upper floors to be given up to offices. The construction will be of brick with stone trim with a slate roof, and the front entrance will be through a portico the roof of which will be at the full height of the building, and it will be supported by four granite columns three feet three inches in diameter.

To the east and west will be two smaller porticoes, the roofs of which will be supported by two granite columns somewhat smaller than the columns used on the north.

On the south of the building next to the tracks there will be a covered platform to the edge of the tracks that will extend from Ninth to Eleventh streets and it will be thirty feet wide by nine hundred feet long. Between this covered platform and the main body of the station there will be a skylight running the full length of the station.

Seventy feet east of the depot will be the express room in a separate building which will face toward the tracks and will have all entrances on that side. It will be forty by seventy feet and will also be built of brick with stone trim to correspond with the style of architecture of the main building.

DON'T SCOLD A CROSS CHILD

See if tongue isn't coated, stomach sour and bowels waste clogged

Mother! Don't scold your cross, peevish child! Look at the tongue! See if it is white, yellow and coated! If your child is listless, drooping, isn't sleeping well, is restless, does not eat heartily or is cross, irritable, out of sorts with everybody, stomach sour, feverish, breath bad; has stomach-ache, diarrhoea, sore throat or is full of cold, it means the little one's stomach, liver and 30 feet of bowels are filled with poisons and foul, constipated waste matter and need a gentle, thorough cleansing at once.

Give a teaspoonful of Syrup of Figs and in a few hours all the clogged up waste, undigested food and sour bile will gently move on and out of its little waste, clogged bowels without nausea, griping or wakeness, and you will surely have a well, happy and smiling child again shortly.

With Syrup of Figs you are not drugging your children, being composed entirely of luscious figs, senna and aromatics, it cannot be harmful, besides they dearly love its delicious taste.

Mothers should always keep Syrup of Figs handy. It is the only stomach, liver and bowel cleanser and regulator needed—a little given today will save a sick child tomorrow.

Full directions for children of all ages and for grown-ups plainly printed on the package.

Ask your druggist for the full name, "Syrup of Figs and Elixir of Senna," prepared by the California Fig Syrup Co. This is the delicious tasting, genuine old reliable. Refuse anything else offered.

LOCALS MAKE IT 3 STRAIGHT FROM THE MARION DIGGERS

By J. V. HERMAN

"Doggy" Irwin made good last night. Doggy pitched, you know, if some of you are interested. Doggy pitched, and pitching his team, and he did a good job of it. He was the main cog in the machine that produced the Marion Diggers 5 and that left them at the bottom of the ladder. He was assisted, when his mates came and a few errors crept in, by Kelly Lecklitner, who was behind the bat. Kelly Lecklitner weight for the game will be played one of the best games of the Scioto Valley this season. In fact, he did little more than stand, but he did that well. Doggy pitched, Kelly caught, and Marion did the rest. The game was a walkaway for the home team from the start. The Diggers never had a chance to win. Irwin was in the game from the first to the last. He was in the game from the first to the last. He was in the game from the first to the last. He

New Boston Row Over Boss of The Streets

The lack of a quorum resulted in the meeting of the New Boston council, scheduled for Monday night, being deferred two weeks.

A controversy has arisen between council and Mayor M. T. Stewart over the appointment of a street commissioner, and this was to have been straightened out last night.

Council recently assumed the authority to name a street foreman, who is still on the job. Mayor Stewart says the law is very plain that the appointment is entirely within his hands and at various times has cited the law to the members of council, but to no avail. Attorney Horace L. Small was on hand last night to defend Mayor Stewart and the meeting would have been a spirited one had sufficient members put in their appearance. Members of council, who claim their attitude is legal, were to have been defended by Solicitor R. C. Meyers. Until the matter can be adjusted the present street foreman will hold his job.

Confers About Gas Service

John McMillan, superintendent of the Portsmouth Gas company, conferred with the public service department officials Tuesday morning regarding gas service mains his company was expected to put down preparatory to new street extensions. Mr. McMillan said his estimate was in and he believed a sufficient appropriation had been made to cover the expense of the proposed improvements.

Jeweler J. F. Carr presented all the members of the police department with neat souvenir pocket memorandum books Tuesday morning.

Got Gay With Police, Is Fined By Mayor

Ed Clifford, a North End youth, faced a disorderly charge in police court Tuesday morning for having gotten gay with Officer Roush Monday evening.

The officer had accosted young Clifford at Tenth and Chillicothe streets to tell him a younger brother was wanted for jumping on and off street cars. Roush had previously called at the family home and served notice on the father to have his boy appear in court. Young Clifford reminded Roush of his visit, telling him he could see no reason why he should therefore come to him also. Hot words were exchanged and Clifford is said to have wished the officer to a hotter climate. He was placed under arrest and locked up for the night.

Clifford denied having resorted to profane language and claimed he could produce witnesses to bear him out. Mayor Tynes accepted the officer's statement and reprimanded the young fellow for his act, finally dismissing him with a warning not to appear in court again.

Ike Hill and George Johnson, who were arrested for fighting, were given their freedom on condition that they leave town. Chief Phillips said they were public nuisances and that unless they made themselves scarce he would see to it that they were committed to the Athens asylum. John Ivan Hill, an older brother of Ike, assured the officials he would see to it that he left town at once.

NEW B. & O. PRESIDENT THANKS LOCAL BOARD

The letter received by the board of trade from General Manager Charles W. Galloway, of the B. & O. railway, acknowledged the congratulations upon his recent promotion, and is as follows:

Baltimore, Md., 4-11, 1912.
Board of Trade,
Portsmouth, Ohio.
H. S. Grimes, President,
E. E. Knox, Secretary.

Gentlemen:—Nothing in my railroad career has pleased me more than the resolution of the Board of Trade of your great city, as conveyed in your letter of the 25th, and I assure you that it is heartily appreciated.

I predict a great future for Portsmouth, and am glad our system has a line into your progressive city.

While my jurisdiction will not extend over the Baltimore & Ohio Southwestern, I want you to know that I feel deeply grateful to the Board of Trade of Portsmouth, and for the interest your city has shown in the Baltimore & Ohio, and if at any time I can be of service, please command me.

Respectfully,
C. W. Galloway.

NEW STOMACH RELIEF GETS COUNTRY WIDE ENDORSEMENT

The new remedy for indigestion called "Digestit" has been found a certain quick relief and permanent remedy for stomach disorders. Letters from thousands who had suffered the tortures of indigestion and got relief from the use of Digestit are evidence of its merit. The enormous increase in demand from every part of the country is proof of its popularity. But you do not have to take anybody's word for it—try it yourself on an absolute guarantee, get a package and if you don't get relief you can get your money back for the asking. Brown's Digestit is a little tablet easy to swallow and absolutely harmless. It digests all the food, prevents fermentation, stops gas formation, prevents stomach distress after eating, aids assimilation, relieves indigestion almost instantly and cures dyspepsia—50 cents, at Fisher & Streich Pharmacy and Geo. W. Franzen Pharmacy.

Women's Scraps To Be Ignored

No more will women with petty complaints or neighborhood tangles receive the ear of the city police officials. Chief Phillips has decided to ignore all such rows in the future unless it be shown that someone had been actually injured or damaged.

The decision was reached after one Mrs. Davis, of Jackson street, had called on Mayor Tynes and Chief Phillips Tuesday morning and complained that neighbors were talking about her.

Manly Revival Was Begun Monday Night

The evangelistic services which began at Manly church Monday evening started off under most favorable conditions. Quite a number brave dthe downpour of rain and were well repaid for it.

Rev. and Mrs. Carpenter, the Ironton evangelists, led the services and the singing, and thoroughly charmed the congregation.

Both of the evangelists sing well, and the song service was very interesting.

For twenty minutes Rev. Carpenter talked on "The Loving Kindness of God." He gave a stirring address.

The services will continue throughout the week. Rev. and Mrs. Carpenter will assist Rev. Atkinson at all of the services, which will begin promptly at 7:30 o'clock.

Arrangements may be made later in the week to have afternoon meetings.

Shorty Was Too Late

Charles Wheeler, manager of the Washington Hotel barber shop, learning that fish were biting in great shape at Bennett's Mills, made a hurry trip to that locality, Monday. "Shorty" learned that an hour before his arrival one man, single-handed, had caught 36 fishes of all sizes and descriptions. The finny tribe refused to be hoodwinked by "Shorty," however, and he did not have a single bite, but came home with five pounds of promises.

OWLS PLAN ELABORATE BANQUET

At their meeting Monday night, the local Nest of Owls made final arrangements for the big jollification meeting which they have been planning for some weeks. The event will be held on the next meeting night, a week hence, and one of the principal features will be an elaborate banquet for the members. There will be some special exercises and the program to be rendered will be highly interesting.

The members of the local Nest have received an invitation to participate in a big class initiation at Ironton on May 26, and a number of the flock are planning to attend.

The Perfect Laxative For Elderly People

Age has its attractions no less than youth in a more serene and quieter life. But it is this very life of rest without sufficient exercise that brings with it those disorders that arise from inactivity. Chief of these are a chronic, persistent constipation.

Most elderly people are troubled in this way, with accompanying symptoms of belching, drowsiness after eating, headaches and general lassitude. Frequently there is difficulty of digesting even light food. Much mental trouble ensues, as it is hard to find a suitable remedy. First of all the advice may be given that elderly people should not use salts, cathartic pills or powders, waters or any of the more violent purgatives. What they need, women as well as men, is a mild laxative tonic, one that is pleasant to take and yet acts without griping.

The remedy that fills all these requirements, and has in addition tonic properties that strengthen the stomach, liver and bowels, is Dr. Caldwell's Syrup Pepsin, which thousands of elderly people use, to the exclusion of all other remedies. Trustworthy people like Mr. El. Gilbert, Miamisburg, Ohio, and Mrs. Margaret M. Brown, Springfield, Ohio, say they take it at regular intervals and in that way not only maintain general good health, but that they have not in years felt as good as they do now. You will do well to always have a bottle of it in the house. It is good for all the family.

Anyone wishing to make a trial of this remedy before buying it in the regular way of a druggist at fifty cents or one dollar a large bottle (family size) can have a sample bottle sent to the home free of charge by simply addressing Dr. W. B. Caldwell, 405 Washington St., Monticello, Ill. Your name and address on a postal card will do.

The One Big Hit

at all the great automobile shows held in New York, Chicago, Philadelphia and other big cities—the one car that stood head and shoulders above all the hundreds of cars shown—was the

Maxwell "Mascotte"

This was because the Maxwell "Mascotte" is the first *real* high-grade family touring car ever offered the public for less than $1000.

That it fits the niche we knew was waiting for it, has been amply proven by the manner in which it was received by the public at the shows.

At all the shows the Maxwell "Mascotte" drew enthusiastic approval. It was conceded wonderful value. Such judgment by the motoring public demands your consideration in your search for *the best car at the price.*

No other car at such a price meets so completely the requirements of the family man—the man of moderate income.

In the Maxwell "Mascotte" you have room for the whole family—power enough in its 25 horse-power motor for any emergency—hills or heavy roads—and high-class style that you can be proud of.

Maxwell reliability, too, is a part of this car. No other car has back of it such a record. Maxwell holds the highest team score in the last two Glidden Tours; the world's record of 10,000 miles cross-country without stopping motor; and records of New York State show 91% of the Maxwell cars sold *seven years ago* again registered this year *in active service.*

Let us show you the high-priced car features embodied in the "Mascotte."

Come in today—have a ride in it.

Hanging Rock Men Drowned In Ohio

The bodies of Eugene Nelson and Robert Page, who were drowned Saturday night at Hanging Rock, have not yet been recovered, although dynamiting was resorted to Sunday and Monday.

The men were employed at the Hanging Rock Furnace, and were attempting to cross the river in a johnboat which leaked.

The furnace had closed down to 30 hours, and Page and Nelson, who were employed there, went fishing during the spare time. They had almost returned to the Ohio side of the river when they met death.

The stories as to the manner of death—one, that the men saw that the boat was sinking and jumped into the water; another, that the boat sank with them. The men remained in the water a short time before sinking, and their cries for help could be heard quite a distance.

Charles Gentil and Earl Graff, two boys, heard the cries and jumped into a boat from a raft and attempted to reach the drowning men. The river where the men sank is quite deep and the searching for the bodies, which began Saturday night and was continued Sunday and Monday, was not productive of results.

Page was 27 years of age and was married. He was married last year to a daughter of John Ross, a well known Hanging Rock resident, where he lived. Nelson was 24 years old and single. Both were well known as hard working colored people, and they were respected citizens of the Rock.

SUN SUMMER SEASON STARTS AUSPICIOUSLY

Good attendance was the rule at the opening of summer vaudeville at the new Sun theatre Monday, and Manager Lee is satisfied that the continuous policy is what the people want—come when you please and stay as long as you like.

The four Gypsy players scored a big hit yesterday, and it is the best musical organization that has played here this season. Their act consists of playing quartettes and violin, clarionet and cornet solos. They close their engagement tomorrow night, and lovers of good music should avail themselves of the opportunity of seeing them.

Richwood and Bernard, in a sketch, "Dark Town Swells," furnished the comedy portion of the bill, introducing ragtime songs and coon shouting.

First run pictures are presented at every performance, and will be changed daily. The acts will be changed twice a week.

MEMORIAL DAY PLANNED BY ODDFELLOWS

Scioto Lodge of Odd Fellows, at its meeting Monday night, decided to observe its annual memorial day, Sunday, June 9th.

The graves of departed members will be decorated on the morning of the above date, and in the evening the lodge will attend services at Central Presbyterian church in a body.

No definite action on the lodge's new three-story brick that building was taken, as there was not a majority of the trustees present.

The first degree was conferred upon Charles Warnecke and other candidates.

Columbus, O., May 7.—If the voters of Ohio are not thoroughly informed on the political issues of the day and the claims of the respective candidates for preferment, it will be their own fault. This week and next the people of the Buckeye state will hear as much, if not more campaign oratory than they have ever heard before in a like period. President Taft and ex-President Roosevelt will tell the people how utterly unfitted each is for the presidency, and Senator La Follette, who will be in the state along about the 17th, will insist that what each gentleman says about the other is absolutely true, and he will offer himself as a compromise. William Jennings Bryan will tell the people that Governor Harmon should not be nominated for the presidency. All this oratorical advice will be given before the primary elections on the 21st. While the various candidates are tramping all over each other, the eyes of the whole country will be on the Buckeye state. It will be a fine show, and the people will get their money's worth. President Taft's most important speech on his present itinerary will be at Columbus, Wednesday night, when he, no doubt, will be greeted by a large crowd, which will turn out to hear him lambast Teddy. Within a few days his second trip throughout the state will be arranged for.

The retrial of the bribery case against Senator E. Huffman, of Butler county, charged with accepting $200 to influence his vote on the Cetone-Whittemore insurance bill in the last legislative session, which began Monday, will probably not last as long as the first trial. All of Monday was taken up in selecting jurors. It is said that both sides have new evidence to present this time. There was a disagreement the first time. Contrary to expectations, the defense did not ask for a postponement when the time came to call the case.

Whether or not the public service commission of Ohio has any real power will be determined by the outcome of the case of the commission against the Wheeling & Lake Erie and Akron railroads, which went to trial in the Franklin county common pleas court today. The commission ordered the defendants to provide adequate passenger and freight service between Neffs and Adena, and the companies refused, alleging that the commission was without jurisdiction to enforce such an order. The decision will test this question.

Some mention is being made of former Attorney General H. C. Denman, now United States district attorney at Cleveland, for the Republican nomination for governor. Denman polled more votes than any other man on the Republican ticket when it was defeated in its entirety two years ago. Denman made a good record in office, and is generally looked upon as a high class man. He has had considerable experience as a public official. He served two terms in the legislature from Lucas county, and was assistant solicitor, and later city solicitor of Toledo. He would be acceptable to both the Taft and the Roosevelt supporters.

Secretary of State Graves was asked Monday how the Democrats of Hamilton county could nominate a candidate to take the place of Benjamin F. Shott, one of the party's nine candidates for representative, who was killed by being struck by an automobile in Cincinnati Sunday night. Graves said that the only way to nominate a man to fill the vacancy was to write his name on the ballot on primary election day. There are nine representatives to be elected, and nine candidates were entered by each of the leading parties. Shott was an old soldier and was well known over the state.

James A. Rice, of Canton, who is the original anti-Harmon man, predicted while in Columbus Monday afternoon, that William Jennings Bryan would be the Democratic presidential nominee. He said that the other candidates would get into a deadlock and that this would result in the nomination of the Nebraskan. Mr. Rice was passing through Columbus on his way to Chillicothe to talk Monday night, to an anti-Harmon gathering, pending the arrival of Bryan.

In some of the northern Ohio counties, notably Henry, Auglaize and Ottawa, on account of the poor prospect, the wheat fields will be abandoned and more attention will be given the production of corn and oats. The heavy rains of last fall did great injury to the crop, which will be only half as large as it should be this year. There will be a big crop oats, however.

Col. Fred Blenkner, 54 years, postmaster of the hall of the house of representatives, is seriously ill as a result of a fall.

"Here is one of the greatest testimonies I have ever heard:

He told me that for 7 years he hadn't stood on his feet, he spent $700.00 for doctor bills, and he only used one package of EZO, and can run and jump like a boy. He was all smiles about EZO."

GRANDMOTHERS USED SAGE TEA

To Darken the Hair and Restore Gray and Faded Hair to its Natural Color

It is easier to preserve the color of the hair than to restore it, although it is possible to do both. Our grandmothers understood the secret. They made a "sage tea," and their dark, glossy hair long after middle life was due to this fact. Our mothers have gray hairs before they are fifty, but they are beginning to appreciate the wisdom of our grandmothers in using "sage tea" for their hair and are fast following suit.

The present generation has the advantage of the past in that it can get a ready-to-use preparation called Wyeth's Sage and Sulphur Hair Remedy. As a scalp tonic and color restorer this preparation is vastly superior to the ordinary "sage tea" made by our grandmothers.

The growth and beauty of the hair depends on a healthy condition of the scalp. Wyeth's Sage and Sulphur Hair Remedy quickly kills the dandruff germs which rob the hair of its life, color and lustre, makes the scalp clean and healthy, gives the hair strength, color and beauty, and makes it grow.

Get a 50 cent bottle from your druggist today. He will give your money back if you are not satisfied after a fair trial.

HAPPY TWO WEDDED?

There are unhappy married lives, but a large percentage of these unhappy homes are due to the illness of the wife, mother or daughter. The feelings of nervousness, the befogged mind, the illness or the pale and wrinkled face, hollow and circled eyes, result most often from some disorder peculiar to women. For the woman to be happy and good-looking she must naturally have good health. Dragging-down feelings, hysteria, backache or constipation, pelvic pains and aches—are too great a drain upon a woman's vitality and strength. Dr. Pierce's Favorite Prescription restores weak and sick women to sound health by regulating and correcting the local disorders which are generally responsible for the above distressing symptoms.

"I suffered greatly for a number of years and for the past three years was so ill I could not do my housework. Mrs. E. F. Dunn, care of Wilson Oil Co., Box 1, [illegible] I have taken five bottles of your 'Favorite Prescription' and one vial of your 'Pellets' and am now in good health. I can do my housework and enjoy life. I was troubled with a pain in my side, backache, nervousness, and could not sleep. I was so nervous I could not stand the noise of the children playing around me. I was so bad for five months that I knew every [illegible] Dr. R. V. Pierce, telling him my trouble and asking his advice. He ordered a course of treatment which I follow [illegible] of 'Favorite Prescription' and one of 'Golden Medical Discovery' and a fifty-cent bottle of 'Smart-Weed,' and I am now well. Grand Vaudeville Scored A Big Hit

Vaudeville at the Grand Monday started off so encouragingly that the management feel that it will be liberally patronized through the summer months, as the house is to be kept cool during the heated term.

The opening bill more than made good, as the two acts are high class, refined and very pleasing. No better trio has ever been heard than the Basque Trio, who sang a number of selections in a faultless manner. Their rendition of the sextet from "Lucia" and that universal favorite, "My Hero," from "The Chocolate Soldier," elicited one encore after another. Their act is richly costumed, and they received a cordial reception. Each member has a splendid voice, and in the ensemble numbers they blend beautifully.

"Bob" Barlow, comedian and instrumentalist, is an excellent entertainer. He plays the violin and 'cello with great success, and was called back several times.

Two reels of pictures were thrown in for good measure. It is a great bill for ten cents, and the Grand should be packed all week. The management feel confident that the venture will be a go, as despite the bad weather of Monday, the three performances were well attended.

Singers Coming.

Messrs. Ertz and Frankel, two of the classiest singers in the country, will come to the Grand Monday to fill an engagement. They come direct from Lexington, Ky., where they have scored a big hit at the Colonial theatre. They are a great pair of singers and will sing all the late New York successes, featuring the newest character songs. Mr. Ertz was formerly located at the Columbia, and he and his clever partner are sure to have a very successful engagement at the Grand.

Burglar Scare At Phil Streich Home

The Phil M. Streich home, on East Sixth street, was the scene of a burglar scare about ten o'clock Monday night, when Mrs. Streich discovered a strange man on the roof of the veranda at the side of the house. She ordered the intruder to leave, but instead of obeying the prowler started walking over the porch toward her. Then Mrs. Streich screamed, and at that the man turned and hastily slid down the post and disappeared.

Attracted by the screams, several men were soon on the scene and later the police came. The neighborhood was scoured, but there were no signs of the would-be burglar.

Mr. and Mrs. Streich had just returned from Cleveland, where they were called several days ago by the death of Mr. Streich's brother, and the prowler was perhaps under the impression that they were still absent.

The incident created no end of excitement in the vicinity. Mrs. Streich secured a good view of the nervy individual and is sure she could identify him.

THE FIRST PICTURE OF TITANIC WAIFS' MOTHER PROVES IDENTITY

MME. NAVRATIL WITH LOUIS AND LOLO. FROM THE DAILY ALBANY.

The first picture of Mme. Navratil, in group with her little sons, proves the identity of the two waifs who were rescued from the sinking Titanic and brought to New York. Mme. Navratil is now on her way to this country to claim her youngsters, who are being cared for by Miss Margaret Hays, who is also a survivor of the disaster.

It is understood that Mme. Navratil recently was divorced from her husband. The man who had the children in his charge on board the Titanic and is believed to have been their father was one of the second class passengers. None of the other passengers who survived can remember seeing the man rescued.

Former Gangster Is Dead Sore On Taft

"Say, I am getting awful tired of this thing," fairly shouted a voice over the telephone at the meek and lowly exponent of the press Monday, when the latter took down the receiver of a telephone in response to a loud, long and insistent ring.

"Well, now, what is it, and don't get excited," ventured the meek and lowly one, visions of a howl upon some innocent and virtuous item that had appeared in this popular medium for the dissemination of news, flitting through his brain.

"Why, this using the people's money to boost the Taft campaign," came back the angry voice at the other end of the line. He was getting angrier every second, too, for he used a little cuss word that might sound very apropos these Taft and Teddy days, but which would not do for these virtuous columns.

"What's wrong now?" said the Times man.

"Why, today I got a third installment of Taft literature mailed under the frank of Congressman William B. McKinley, who is Taft's manager. It is a speech by Representative Gardner against the third term. I think it is a outrage that the franking laws should be violated in this way and that the people have to pay the freight for the Taft bureau. I'm a good Republican, but I am for Roosevelt and it isn't fair to use the government against him in that way."

"Oh, well; cheer up. Neither Taft nor Teddy will be our next president and when Champ Clark gets in the White House he will put a stop to all those petty abuses of power," glibly chattered the Times man back at the disgusted adherent of T. Roosevelt.

"Oh——" and it was positively shocking the way that Roosevelt man out-Roosevelt-ed Roosevelt in picturesque language.

"But if Taft's nominated, you're right," he said as he hung up the receiver.

The man was formerly a leading light in the Republican machine.

OF INTEREST TO CLUB WOMEN

The members of the Federation of Women's Clubs are looking forward with much interest to the eleventh biennial convention of the General Federation of Women's clubs which meets in San Francisco, California, June 25 to July 5. Several members are planning to take the trip on the Ohio Special Train, which will leave Chicago at 10:30 p. m., Monday, June 17, over the Chicago, Union Pacific and North Western Line.

The special train will arrive in San Francisco Monday, June 24, at 7 a. m. A number of stops will be made along the route, allowing the travelers ample time to see the picturesque country. The route takes the train through Chicago, Omaha, Denver, Colorado Springs, Salt Lake City, Ogden, Truckee, Lake Tahoe and many other places of interest.

Perhaps more interest is being taken locally in the Ohio-Columbus Centennial, which will be celebrated in Columbus, August 26 to September 6.

Mothers' and Children's Day will be celebrated August 31, and the Ohio-Columbus Centennial Commission has invited the Ohio Federation of Women's clubs, numbering 200,000, to make plans for this day.

One of the local members of the Federation of Women's Clubs has handed The Times the following interesting history of the club movement:

"Before entering into details, it may be wise for us very briefly to review the woman's club movement and emphasize to ourselves the fact that it is a logical outgrowth of the economic development of our country. The woman of the early part of the nineteenth century had little leisure. In the North her own hands prepared food, raiment, bedding and carpets for her family; in the South the mistress of a plantation was often nurse, physician, clergyman and administrator to many children and to a multitude of slaves. Mrs. Mary I. Wood graphically shows that as the fertile mind of man invented labor-saving devices, as machinery took the manufacturing industries from the home, as the Civil War brought changed conditions, so women gradually drifted into three classes. First, those who followed the former home industries into the factories and marts of trade, or the wage-earning women; second, those whose family wealth increased more rapidly than their sense of responsibility, who knew not how to employ wisely the great amount of leisure, who gave themselves up to personal adornment, the beautification of their homes, and to heartless entertainment, harmless, say, indeed, beneficial in their true proportion; but in a great many cases, indeed, in too excess third, a great body of earnest women remained who accepted their leisure and prosperity as a trust, who realized full well that for the use of every Heaven-God hath given to the responsible. These women began to ask, 'What are we to do with our leisure?' Realizing their power in some one direction, a certain class of women began to organize clubs. The Civil War came and the energies of many of the women thus organized were turned to work for the soldiers. In the political upheaval which followed the war, women saw how little they were regarded by the law, and a few women, led by Susan B. Anthony and Elizabeth Cady Stanton, began the agitation for the ballot. The Civil War had brought the women of the North into touch with the women of the South, and the sympathy thus created between women and women, and the political issues, in the political upheaval of 1872, Mrs. Mary A. Livermore and Mrs. Julia Ward Howe called a meeting of women in Boston, to which women came from all parts of the country. Mrs. Howe was made president of the association, and Mrs. Livermore was made president of the executive committee. Later their successors, Mrs. Cynthia Leonard and Mrs. Rebecca Rice, called a meeting of women in New York, at which the General Federation of Women's Clubs was formed. Its motto was 'Work.' Its aim was to bring together the women of the country, that they might be a force for the betterment of humanity. Its work was to be educational, philanthropic and reformatory. Its field was the world. Its opportunity was to be the mother of the race. Its method was to be the method of the home, the method of love, the method of the Christ. Its ideal was the ideal of the New York Society. Its organization was to be a federation of clubs. Its basis was the club. Its unit was the individual woman. Its work was to be carried on by the women of the country, through the clubs of which every State Federation belongs and to which every individual club is eligible.

We grew by leaps and bounds. Committees of earnest workers devoted themselves to art, civics, social service reform, conservation, education, household economics, industrial and social conditions, legislation, literature and library extension, music and public health. Within ten years we become a vital force in our country. When the pure food bill seemed lost the General Federation was appealed to and our efforts by wire, letter and spoken word helped secure its passage. When President Roosevelt desired a solution of grave social problems in the Panama Canal Zone he asked our Miss Helen Boswell, chairman of the committee on industrial and social conditions, to go to Panama. "She went, she saw, she conquered." When the first conference of Governors was called in the White House, our beloved Mrs. Decker, then president, was the only woman invited. When great educational and philanthropic associations meet in this continent or over the seas, we are asked to send speakers and workers. When reform in any line is started we are asked to help. All this proves that we are now a world power, with the burdens and responsibilities that this honor entails.

Some of the things accomplished by the General Federation of Women's Clubs are:

1. By bringing together women from every state in the Union to consider common interests, the country has been unified. This point has not been sufficiently stressed.

2. Women trained to differ amicably in discussion, to think soundly and broadly, to work harmoniously.

3. Art libraries and collections circulated. Art commissions established. Public taste cultivated to some extent.

4. Civil Service Reform advanced, especially in helping to place under the merit system all heads and employees of eleemosynary institutions.

5. Assistance given in every branch of Conservation. Pure Food Law, Protection of Birds, Niagara and Forest Preservation are good examples.

6. Intelligent study of Industrial and Social Conditions; furnishing trained leaders for this study.

7. Untiring work for civic beauty; for parks and school playgrounds, boulevards, tree planting and social centers.

8. Establishment of musical scholarships and special efforts to elevate public taste in music. Showing ethical value of highest art and music.

9. Assistance in securing laws to protect the young, the weak and the diseased.

10. Founding directly or indirectly hundreds of public and traveling libraries. Supplying proper aid for thorough study of literature.

11. Creation of a special department of Public Health that is a revelation to many housekeepers.

12. Setting high educational ideals and training the mothers of America low to approximate those ideals.

What has been done is but a beginning compared to what needs to be done. The enlightenment will help to realize dreams that have been in the minds of the workers from the beginning.
